This mask not only detoxifies but absorbs skin impurities and improves blood circulation. By removing dead skin cells your skin colour improves and feels softer. Beneficial to all skin types – even acne-prone skin.

2. Astringent Lotion

Designed to close facial pores and eliminate bacteria after using the mask. Refreshing, tingling feeling!

3. Neutral Face Cream

No essential oils for a neutral scent. Use daily, or if you prefer, as a night cream depending on skin preference. All ages and skin types enjoy this facial cream.
